Video Editor / Videographer

Waterford, NY | (612) 834-1356 | weslangill@gmail.com

weslangill.com | [linkedin.com/in/wes-langill-582b66b2](https://www.linkedin.com/in/wes-langill-582b66b2)

Video producer and editor with a background in audio production, content direction, and product marketing. Creates product films, demonstrations, and tutorials for industrial safety and music technology brands. Combines studio and location production with motion graphics and on-camera hosting to make technical subjects clear and engaging.

PROFESSIONAL EXPERIENCE

Videographer & Editor | *PIP Global Safety*

- Produce video and motion graphics for product education, marketing campaigns, and digital channels, working with marketing, sales, and product teams to explain features and applications.
- Film in studio and on location with clients and contracted talent; operate cinema cameras, lighting, and gimbals, and maintain production equipment.
- Manage footage, digital archives, and final exports for distribution. Selected portfolio work includes ATG AIRtech Breathability — Tech Talk and Protection Empowered.

Content Director + Videographer | *Perfect Circuit* 2020–2023

- Wrote, directed, filmed, and hosted weekly YouTube videos translating complex music technology into product demonstrations and practical creative techniques.
- Coordinated content and brand voice across six social platforms; developed influencer and brand collaborations for digital content and in-person events.
- Used weekly Google Analytics reviews to inform content strategy. Portfolio examples include Elektron Digitakt and MIDI and Korg Volca Sample 2 tutorials.

General Manager | *Buchla U.S.A.* 2016–2020

- Managed crowdfunding campaigns supporting new product launches and coordinated communication with distributors, manufacturers, media, and industry collaborators.
- Created product videos and social content to introduce instruments, explain capabilities, and support customer education and brand visibility.

Sales & Social Media Manager | *Foxtone Music & Black Market Modular* 2014–2018

- Created product videos, web and print graphics, and accessible product copy; supported direct sales, distribution, and product demonstrations at industry trade shows.

SELECTED COLLABORATION

Tutorial Host & Hardware Beta Testing | *Bastl Instruments SRO*

- Collaborate on synthesizer tutorials and hardware beta testing. Selected work includes the Softpop SP2 V1.3 update overview and Kastle 2 Wave Bard video manual.
